

INTENTIONAL SUNDAY SCHOOL CLASS ORGANIZATION

Here are a few important reasons why we should be intentional in our class organization.

We should organize to...

- insure that ministry happens by intention.
- insure that specific tasks will be accomplished.
- involve members in the work of ministry.
- provide members with an opportunity to utilize and develop their spiritual gifts.
- insure that the needs of members and guests are met.

Take a moment to complete the organizational chart below. And remember, if no one is assigned to a specific task, chances are it will not get done—or it may not get done right! Consider how you can involve as many members as possible.
